

# ***TOUCH THE WORLD***

The missions arm of Women's Ministries.

*Through Touch the World women and children can be brought out of the sex trade industry in India. Through Touch the World unwed mothers are provided with prenatal healthcare and a nurturing Christian environment in which to deliver their babies. Through Touch the World orphans in Africa can be fed each day. Through Touch the World aging missionaries can receive financial assistance. Through Touch the World adoptive families can be matched with children who need a family.*

Currently New Mexico TTW giving is adequate to help provide a few hundred dollars to each our missionaries. Those offerings were provided by just ten percent of our NM churches which were aided by **35** very committed individual women from our district! *Many more can give but will they?*

**Imagine what TTW could do if 100 percent of our churches participated?** Imagine what TTW could do if 100 percent of our individual women were committed to give? Instead of wishing that we could be a part of ministries in India, Africa and New Mexico, we would have the finances to be involved on global, national and district levels. Think of the difference it would make, if as women, united together, we truly believed that God could work through us to Touch the World!

As a Women's Ministries group, as a Sunday school class, as a group of friends, or as an individual; please support **TOUCH THE WORLD** by giving and praying. If you still want to do more, reach further by going on a **Turquoise Trail** missions trip which can also supported through TTW giving.

*For more information or for pledge forms call Becky Dickenson at **505-350-6998**.*
